Craft an approach unique to you
with the Merrill Lynch Investment Advisory Program
A personalized way to invest

At Merrill, we understand that how you invest is just as important as your reasons for investing. Personalized strategies are those that embrace what makes you, and your life, unique. How you pursue your financial future should be yours to decide.

One option to consider is the Merrill Lynch Investment Advisory Program, which gives you access to a disciplined way to invest towards your goals and personalized advice from your dedicated financial advisor.

If it meets your needs, the program allows you to manage the way you and your advisor pursue your investment goals, tailoring your experience to you.

Learn more about the different ways you can work with Merrill to pursue your goals by referring to our Client Relationship Summary.
Customized for you

With the Merrill Lynch Investment Advisory Program, you and your advisor will work together to customize your investment strategy so you can pursue your personal investment goals with an approach that fits your life.

On your terms

You get to decide how you want to work with your advisor. You can delegate the authority to make investment and trading decisions to your advisor, Merrill or an approved third party manager, or you can choose to make investment decisions yourself. Regardless of how you choose to work with us, you’ll receive fiduciary advice—guidance that’s personalized to you.

Your goals, your values

You and your advisor will start by defining your long-term goals with your entire financial picture in mind. Together, you’ll examine your needs and decide which strategies fit you best. You’ll have access to a wide range of investment solutions and strategies managed by us and from approved investment managers.

The full picture

Access to customized tools and resources like Digital Wealth Overview can help you and your advisor measure the progress you are making and help you see a more holistic view of your financial picture. It’s just one of the ways you and your advisor can stay connected.
Every step of the process is built around you

What matters to you
We start with you. You and your advisor will review your income, assets, and liabilities, as well as your goals, timeline, and risk tolerance. We’ll also identify your values and even your communication preferences.

By learning what matters most to you, your advisor can work with you to create a strategy that reflects your priorities, like managing the tax impacts of your investments or investing in companies that align with your values.

Your path, your strategy
With your goals in mind, you and your advisor will start building your path to reach them. Your advisor may use tools like Merrill Personal Wealth Analysis to identify potential solutions based on a variety of factors, such as risk tolerance, time horizon, and relevant interests, like environmental and social priorities.

In crafting your strategy, you’ll have access to investment options and solutions including:

- Managed Strategies constructed and managed by Merrill Investment professionals
- Managed Strategies from approved third-party managers
- Separately managed accounts
- Mutual Funds and Exchange-Traded Funds (ETFs)
- Individual Securities
- Listed Options
- Annuities
- Alternative Investments (e.g., hedge funds, managed futures)
Making it happen

You and your advisor will create a personalized strategy to support the goals you want to achieve. And while we work on implementing your investment strategy, transparency is key. You'll receive professional management, ongoing monitoring and rebalancing, all for an annual asset-based fee that is based on your relationship and assets invested in the program. So you'll always know what you are paying.

Reviewing and tracking progress

Once you and your advisor put your strategy into action, we make it easy to stay informed. Access to customized tools and resources like Digital Wealth Overview can help you and your advisor measure the progress you are making and help you see a more holistic view of your financial picture. It's just one of the ways you and your advisor can stay connected. You'll also have access to your secure MyMerrill account and thought leadership from our Chief Investment Office (CIO) and BofA Global Research. As your circumstances change, the way you work can change too. At any time, you and your advisor can adjust the frequency of reviews, the delegation of investment management, and more.

IMPORTANT INFORMATION

Investing involves risk, including the possible loss of principal.
Asset allocation and rebalancing does not ensure a profit or protect against loss in declining markets.

The Merrill Lynch Investment Advisory Program is an investment advisory service sponsored by Merrill.

This material does not take into account a client’s particular investment objectives, financial situations or needs and is not intended as a recommendation, offer or solicitation for the purchase or sale of any security or investment strategy.

Merrill offers a broad range of brokerage, investment advisory and other services. There are important differences between brokerage and investment advisory services, including the type of advice and assistance provided, the fees charged, and the rights and obligations of the parties. It is important to understand the differences, particularly when determining which service or services to select. All recommendations must be considered in the context of an individual investor’s goals, time horizon, liquidity needs and risk tolerance. Not all recommendations will be in the best interest of all investors. For more information about the Merrill Lynch Investment Advisory Program, including our fiduciary responsibilities, you may obtain a copy of the Merrill Lynch Investment Advisory Program Brochure by accessing the SEC website at www.adviserinfo.sec.gov.

You can choose from one or more programs and services based on your individual objectives, investment style, need for ongoing advice and interest in particular investment solutions. One of the options to consider is the Merrill Lynch Investment Advisory Program. For more information, please visit ml.com/programs-services.

Certain strategies available at Merrill are managed by the Chief Investment Office and are offered to Merrill clients. The Chief Investment Office (CIO) provides thought leadership on wealth management, investment strategy and global markets; portfolio management solutions; due diligence; and solutions oversight and data analytics. This information should not be construed as investment advice and is subject to change. It is provided for informational purposes only and is not intended to be either a specific offer by Bank of America, Merrill or any affiliate to sell or provide, or a specific invitation for a consumer to apply for, any particular retail financial product or service that may be available.

Investors should carefully consider the investment objectives, risks, charges, and expenses before investing in ETFs and/or Mutual Funds. This and other important information is included in the prospectus, which should be read carefully before investing. Prospectuses can be obtained from your investment professional or through the investor sign-in area of bankofamerica.com/investments.

Listed Options can carry a high level of risk and are not suitable for all investors. You must be pre-approved prior to purchasing listed options.

Alternative investments, such as hedge funds and private equity, are intended for qualified investors only with certain investment profiles including time horizon, risk tolerance and liquidity preference. Some or all alternative investment programs may not be in the best interest of certain investors. No assurance can be given that any alternative investment’s investment objectives will be achieved.
